

Earn a Respected MBA in Healthcare Management Structured for International Doctors

Herzing University has been in operation for over 50 years

The American Medical Academy (AMA) is now accepting applications from Qualified international medical graduates to study at our partner institution, Herzing University Atlanta Campus. Herzing University is accredited by the Higher Learning Commission and was established in 1965.

Expand your career possibilities by taking the Herzing MBA degree in Healthcare Management; with option to take USMLE exams preparations with AMA.

If you have an international Medical Degree (MBBS or MD) from outside of USA, you can achieve your professional goals with options to work as a medical doctor (after passing USMLE step 1, step 2, step 3 and doing the US medical residency) and take the MBA in healthcare management degree within the most advanced healthcare system in the world.

International Doctors holding MBBS or MD or Equivalent medical degree candidates are welcome to join the Master of Business Administration (MBA) in Healthcare Management Program.

- *Candidates with the MBBS or MD or an equivalent medical degree background can finish the MBA Degree in Healthcare Management in 12 months' time. [Candidates can also take up to 16 months' time finish the program].*
- *Control your future by tailoring your MBA degree to meet your professional goals. You also have the options of taking USMLE step 1, step 2 and step 3 exams and applying for a US (medical) residency, then moving on to obtain a US medical license, or you can follow the route of becoming a healthcare management executive for the high-demand field of healthcare.*

Complete your MBA degree in Healthcare Management in 12 months' time:

The MBA requires a total of 33 + 3 credits for completion and includes an option to take an internship for four months with the use of curricular practical training (CPT) at no additional cost.

*Candidates with MBBS or MD or Equivalent foreign Medical Degree background enrolled for the program must, at minimum, complete a total of 33 + 3 credit hours, with 9 elective credit hours at Herzing University campus in Atlanta. With the foregoing, these candidates can complete the MBA in Healthcare Management degree in 12 months time (for 12 months format, certain conditions apply). **Upon successful completion of the program, graduates receive the MBA in Healthcare Management degree from Herzing University Atlanta campus.***

At AMA and Herzing University Atlanta campus, we look out for You:

Join the Herzing University MBA in Healthcare Management classes in Atlanta campus where you'll be coached and taught to be a successful professional in this twenty-first century healthcare business environment.

Do you have a passion for people and the healthcare business? Join our unique and practical MBA in Healthcare Management program. Business is science and art. To succeed, you need to know the numbers, build trusting relationships, and lead under pressure. That's only the beginning. So, we find that the best-rounded students with some work experience flourish in the AMA-Herzing MBA program and beyond.

Optional USMLE step 1 and step 2 Course:

Candidates also have the option of completing our USMLE step 1, step 2 training, (**this USMLE step 1, step 2 & clinical observation training is NOT part of the Herzing MBA program**). For every group of 8 to 15 international junior doctor candidates, AMA offers the optional USMLE step 1 and step 2 training which includes Basic life support (BLS), Advanced cardiac life support (ACLS) and Pediatric Advanced life support (LALS). The training is conducted over sixteen weeks and includes exam reviews and preparation, six weeks of clinical observation and two weeks of limited practical training in the healthcare field (a *total 24 weeks*). *For this optional training program, AMA is currently offering special scholarship as a special promotion for the participants (this opportunity will not be available for long)*. Candidates can register for this **optional** AMA's USMLE training program after the start of the health care management MBA classes at Herzing's campus in Atlanta, Georgia.

Note: *[AMA offers the inclusive fee package, ie for the MBA in Healthcare Management program at Herzing and for AMA's optional clinical observation and USMLE step 1 and step 2 training, for details contact AMA's local representative or AMA office].*

Graduation Requirements:

Completion of the minimum number of credits hours and a Program Grade Point Average of 3.0 or higher must be achieved to be eligible to graduate.

At AMA-Herzing, we care for you and your future success!

“When I got to Herzing, my advisor walked me through my degree pathway and laid out exactly what I need to complete to graduate. I was able to combine practical training with online classes which helped me obtain the skills I needed to find success. I found value in my existing network of classmates, faculty, alumni and community. The MBA program is about leadership and communication. An MBA can help student be competitive in the workforce and possible even move up in their career as a manager. After graduation, I applied for Optional practical Training, which gives you a one year work permit. I will likely come back to Herzing for more learning experiences.”

Allan Mukundi, Herzing University MBA Graduate

The individualized attention students receive at AMA – Herzing University Atlanta campus is unparalleled by other institutions. AMA’s caring training associate and Herzing Atlanta faculty ensures a supportive atmosphere that allows learning to take place in a comfortable environment with practical training meeting the needs of all students. Small classes are offered conveniently in the evening time and online to provide access to students with complex schedules (*international students are required to study 75% of classes at the campus as per the US Immigration regulations*).

We invite you to join us and experience what makes our academic community so special.
